

Some comments from our customers

"What an amazing little shop, so much packed into a little space, I was very impressed... the goods have been thought about, from bakery to fruit and vegetables, to offers that you would normally only find in a large supermarket...the cold cabinet with its wide variety of meat and dairy products - it even sells alcohol! My eyes had a feast in this shop, I shall be visiting again, well done to all who were involved in opening it. Not such a long journey from home now to visit a friendly local store"

"Finally managed to come to the shop today. What a delight. Great mix of specialities and family value"

"Friendly people, nice collection of goods. Keep up the good work"

"This is a fantastic little village shop and they have a great range of stuff and the staff are always welcoming"

"The hub of the community; along with the pub and the Church. The shop is a place where you are always welcome, where nothing is too much trouble and where you can always get chocolate and a chat (and sometimes the village gossip!). Thanks for all you do."

"A really good local shop open all day , well stocked , and always a happy person working"

"Thanks for your shop's help this morning, great friendly helpful staff."

"It's so fantastic to be able to pop over here for a lemon, you know what it's like when you just run out out of that one vital ingredient..."

"We love this shop!"
